

The Mechanic's Messenger

Message from the President

The registration information to attend the 28th Annual Ohio School Bus Mechanics Association Workshop is included in this newsletter. Many very worthwhile topics have been scheduled based on the surveys you filled out at the 2015 Annual OSBMA Workshop.

All school bus mechanics in Ohio are required to obtain a minimum of four hour of instruction to fulfill the yearly in-service training requirements of section 3301-83-10 of the Ohio Pupil Transportation Operation & Safety Rules (see page 2). We hope you will be able to attend this incredible opportunity.

The 28th Annual Workshop will be held at the DoubleTree by Hilton, Columbus-Worthington, October 11 & 12, 2016. Register early to make sure you will be able to attend the classes that interest you the most. Hope to see you there!

Bob Roth, OSBMA President, Wadsworth City Schools

Thank You—Mutual Aid

It was the end of May, and our Track Team was heading to Tiffin High School. I received a phone call from our Bus Driver saying he was losing coolant and had to pull over because the engine was getting hot. He said he was 10 minutes from his destination and probably 45 minutes from our Bus Garage. I called Tiffin Bus Garage and spoke with their Transportation Director, Randy Conger. I explained the situation to him and asked if anyone was available to take a look at the Bus to see where the leak was and what we may need to fix it. Randy said his Mechanics were gone for the day. He was able to contact Brian Schalk (Mechanic) who was willing to head out to check our Bus.

I called our Bus Driver to let him know help was on the way! He informed me that an Elmwood Bus, going to the same place, had stopped and asked if our Team needed a lift, which he graciously accepted. A short time later, Brian showed up and started to diagnose the problem. He said there was a heater hose for the rear heat that had ruptured. He was able to shut both valves and top off the fluid as a temporary fix. Brian then followed our Bus to the Track Event and double-checked for leaks and rechecked the coolant level. The Bus safely made it back that night and I was able to replace the heater hose before the Bus went out on the morning route.

It's a great feeling to know that there are fellow Mechanics, Supervisors and Bus Drivers from all over that are willing to lend a helping hand. So, thank you again, to **Randy Conger** and **Brian Schalk** from **Tiffin Schools** for the mechanical assistance, and thank you to **Elmwood Schools** for picking up our students and transporting them to their Track event!

I hope everyone is familiar with the Mutual Aid Booklet. You can locate it on the OSBMA website (www.osbma.org) at the top of the page under "Resources". If you are not on this list and would like to be, feel free to e-mail me and we will be sure to add your name and contact information.

Chad Klinge, Patrick Henry Schools, Cklinge@phpatriots.org

Ohio School Bus Mechanics Association

Volume 24, Issue 1

July, 2016

Membership

- ☞ **Active Membership** is open to qualified mechanic who has responsibility in maintaining the operation of a safe and efficient pupil transportation system. (\$30)
- ☞ **Associate Membership** is open to other Ohio school officials who are interested in promoting safe pupil transportation in Ohio, retired OSBMA members, and vendors. (\$20)
- ☞ Membership is good for one year: July 1 - June 30.
- ☞ General aim is to advance pupil transportation as a part of a school district's public education program.
- ☞ Please join us in promoting safe and efficient pupil transportation in Ohio.

TIPS & TRICKS

WANTED: Tips and Tricks!

Feel free to Email me any Tips or Tricks, any piece of useful information pertaining to School Buses. There are many years of experience amongst our member's lets share that with our fellow mechanics. I came across a website called "School Bus Mechanic" (schoolbusmechanic.blogspot.com) started by John Whelan with 38 years of experience in Heavy Duty maintenance. I found some very helpful information on this site it is full of articles and videos. He shares his experiences and tips to help others with mechanical problems. There's video showing how to do a Regen using Mercedes software, Injector adjustment on 3116 Cat Engine and a shortcut on how to remove a radiator on a Pusher, just to name a few. You can even post comments or ask questions on certain videos or articles. I have been working on vehicles for 20 years and on School Buses for 10, I still learn something new all the time. If there are people willing to share useful knowledge with years of experience, I will be sure to listen!

Here are a few things I accomplished this week, some of which may be helpful information:

- ☞ I changed 16 drive tires, which is not really bad if you have the right tools and a significant other at home that's willing to rub your back and listen to you cry about being sore for a day or two. I use Murphy's tire and Tube Mounting Compound to mount new tires on rims and it works well. I had a buddy tell me to mix some Dawn dish soap with it and then try it. It was like night and day. Those tires slipped on so easy I decided to change another 8 tires the following day!
- ☞ I changed a few Transmission Filters on our 2012 Blue Bird Visions. Here is the reset procedure if you have forgotten how to do so:
Key on shifter in N (neutral) move shifter in this sequence N R N R N D N
(R is for reverse D is for drive) Seems like a reset button would be easier, but I am no engineer.
- ☞ Changing seat foams and covers are always fun. If you are lucky you may find some lunch money or some ABC gum (All ready Been Chewed). Here is a way to help slide those cushions and covers on a little easier. No not Murphy's Tire lube and Dawn dish soap. Clear Aerosol Silicone spray it works! After removing the 200 + staples holding the seat cover on, remove the cushion and spray the sides of the seat frame with this silicone spray. Slide on the new cushion then spray the sides of the cushion and even the panel under the window where the cover rubs against, this will allow both cushion and cover to slide on with ease.

*Chad Klinge, OSBMA Northwest Regional Director/Newsletter Editor,
Patrick Henry Local Schools, cklinge@phpatriots.org*

West Regional Workshop

West Regional Workshop will be held August 4, 2016 at the Greenville City Bus Garage. The topic will be: Palmer Trucks / Leece Neville / Sound Off / Cummins Filtration. Breakfast and lunch will be provided by Palmer Trucks. Registration information can be found at www.osbma.org.

Job Opening

Miami Valley Career Technology Center is looking for a Maintenance Technician (including Bus Mechanic and Trip Scheduling Responsibilities). [Miami Valley Technology Career Center – Maintenance Technician 2016](http://www.mvctc.com/employment)
Apply Online at: www.mvctc.com/employment
For Information Contact: Mike Study, Maintenance Supervisor
@ (937) 854-6289 or mstudy@mvctc.com

School Bus Mechanic Training

Section 3301-83-10 of the Ohio Pupil Transportation Operation & Safety Rules

Each school bus owner shall provide the opportunity for school bus maintenance personnel to participate in an annual workshop or training seminar, with a minimum of four hours of instruction, in one or more of the following areas:

- (1) Preventive maintenance procedures;
- (2) Repair procedures for each type of vehicle in the fleet and its special equipment;
- (3) Servicing procedures for equipment;
- (4) Inspection of the vehicle and its equipment;
- (5) Recovery procedures for vehicles involved in an accident or breakdown;
- (6) Preparation of maintenance records;
- (7) Parts and equipment purchasing and storage;
- (8) Establishment of parts inventory control procedures.

☐ I am an ASE Master School Bus Technician, and will be honored to receive an award (first time) from OSBMA.
 ASE certification# _____ (for verification purposes)

☐ I am interested in taking the test to be eligible to represent Ohio at the 2017 America's Best School Bus Technician competition.
 *Select "America's Best" as one of your session topics.

All registrants will attend the vendor show.
 Select one topic in category 1 & 2; and two topics in category 3 below:

CATEGORY 1 – School Bus Body Diagnosis:
 (choose one)

- ☐ Blue Bird
☐ IC
☐ Lion Bus
☐ Thomas

CATEGORY 2 – School Bus Engine Diagnosis:
 (choose one)

- ☐ CAT
☐ Cummins
☐ International

CATEGORY 3 – School Bus Maintenance:
 (choose two)

- ☐ Brake Chambers
☐ Cameras
☐ Electrical
☐ Mechanic 101
☐ Medium Duty Vehicles
☐ Welding *(counts as two)
☐ Wheel Bearings/Ends/Seals

Are you a **CURRENT MEMBER** of the OHIO SCHOOL BUS MECHANICS ASSOCIATION?

YES, membership number:

Early Bird Rate* (7/1 – 9/15) **\$185** ☐

Regular Rate (9/16 – 10/4) **\$210** ☐

NO, but I wish to renew or become a new member.

Early Bird Rate* (7/1 – 9/15) **\$215** ☐

Regular Rate (9/16 – 10/4) **\$240** ☐

NO. I do not wish to be a member.

(7/1 – 10/4) **\$255** ☐

Make check out to:

**OHIO SCHOOL BUS MECHANICS
 ASSOCIATION**

*Registration and payment or purchase order
 must be postmarked, faxed or emailed by
 September 15 to receive the
 "Early Bird" rate!

Expiration date
 MM/YYYY

Billing Zip Code
 zipcode

WORKSHOP REGISTRATION

Return the registration form and payment by September 15 to receive the discounted "early bird" rate. **The regular rate will apply September 16 through October 4, 2016.** School districts using purchase orders are responsible for paying the registration fee even if their mechanic does not attend (*see cancellations below).

1. Mail form with a purchase order, check or money order or credit card information.
2. Email form with a purchase order. (***Do not send credit card information via email as this does not meet PCI security requirements.**)
3. Fax form with a purchase order or credit card information.

CANCELLATIONS

Cancellations received up to five working days before the workshop are refundable, minus a \$10.00 registration service charge. After that, cancellations are subject to the entire workshop registration fee, which you may apply toward future workshops. Please note that if you do not cancel and do not attend, you are still responsible for payment.

SUBSTITUTIONS

Substitutions may be made, however, any additional fees due to the person substituting not being a current member, must be paid before or at registration.

ROOM RESERVATIONS

Room reservations are to be made separately online or by calling the DoubleTree by Hilton Columbus/Worthington at 614-885-3334 or 800-870-0349. A link at www.osbma.org will take you straight to the dedicated website to reserve rooms online 24/7. **The special group rate of \$102 will be available until September 18, 2016.** Use the group code "OSB" or the group name "OSBMA 2016 Fall Conference" to ensure you receive the special group rate. Your consideration of this location will help reduce the cost of this workshop and future workshops. Have your school's tax identification number on-hand when making reservations. Tax exemption privileges will be honored to individual guests producing a school district tax exemption certificate and paying with a school check or school credit card. All rooms must be guaranteed by advance deposit or credit card. Guest check in time is 4pm and check out time is 11am.

Room at DoubleTree by Hilton \$102.00 per night / flat rate* single or double
 \$7.65 sales tax** (7.50%)
 \$10.20 bed tax (10%)
 \$119.85

*Flat rate means \$102 per room, not per person.
 Two people could divide the cost at \$51 each
 plus applicable tax). ** Sales tax will be applied
 if the room is not paid by a school district.

Spotlight!

RANDY BEHR, OSBMA VICE-PRESIDENT MAUMEE CITY SCHOOLS, MAUMEE, OHIO

Position: *Head Mechanic*

How long have you been with the OSBMA and what titles have you held? *I have been a member of OSBMA for seven years, and have served as an Associate Director and Regional Director of the Northwest Region and currently as the Vice-President. Not to forget, a JOY for Susie to work with! 😊*

What do you enjoy most about being part of the OSBMA Executive Committee? *I love providing fellow mechanics with knowledge and training to keep Ohio's buses safe.*

What do you enjoy doing in your spare time/hobbies? *I like shooting clay targets.*

If you were in the WWF, what would your Wrestling Name be? *Hairy Behr*

If school normally starts at 8:25am, what time would it start on a two hour delay? *Well, that depends on what side of the railroad tracks you live on. My side starts when the bus shows up!*

Have you ever successfully burped the entire alphabet? *Not yet, but not due to a lack of trying.*

If you could trade jobs with anyone in the world, who would it be? Why? *Jason Divoll—because he has it made!*

What is your favorite movie of all time? *National Lampoon's Vacation*

What are your future plans/goals in life? *Retire somewhere warmer than northwest Ohio!*

A rich blonde buys a new automatic Jaguar XKR Sport. She drives the car perfectly well during the day, but at night, the car just won't move at all.

After trying to drive the car at night for a week (but without any luck), she furiously calls the Jaguar dealers and they send out a mechanic to her.

The mechanic examines the car and finds nothing wrong with it. So he turns to the blonde and asks: "Ma'am, are you sure you are using the right gears?"

Full of anger, the blonde replies: "You fool, you idiot, how on earth you could ask such a question? I'm not stupid you know! Of course I am using the right gears; I use D during the day and N at night."

Reprinted with permission from Mechanics Hub Toolbox.

REGIONAL DIRECTORS

Are you in the North, Northeast or South Regions and are interested in getting more involved in the Ohio School Bus Mechanics Association? Currently there are openings for Regional Directors in those regions.

There are many benefits of serving on the OSBMA Executive Committee:

- ☞ Active members of the Executive Committee (attends majority of 4 meetings/conducts 2 regional workshops) receive 100% reduction in workshop fees!
- ☞ Honored for your service at the OSBMA Executive Committee Banquet.
- ☞ Direct input on the direction of the association and what training is available in your region.
- ☞ Opportunity to participate in on committees relevant to safe and efficient pupil transportation in Ohio!

Regional Director (2 year term)

The members of each region shall elect a new Regional Director by secret ballot at the Annual Meeting of the association. North, northwest, south & west regions elect new regional directors on the odd years. Central, east, northeast & southwest regions elect new regional directors on the even years.

- ☞ Appoint up to three assistants (Associate Regional Directors) to assist in planning and implementing regional programs and serve on the Executive Committee in the absence of the elected Director.
- ☞ Set up date & location for the school bus inspection manual in-service meeting in their region
- ☞ Plan and implement two regional workshops/year

If you are interested in serving, contact Randy Behr, OSBMA Vice President at rbehr@maumeek12.org
